What We Are Learning

Happy Spring!

It feels like we jumped from February to April. Whoa! I am really proud of the hard work I saw in March. Maria, Karely, and Fatima worked hard to gather observations and lead their parent-teacher conferences beautifully.

Teacher and parent relationships are truly important because we share the same goal: to do what's best for your little ones! It honestly takes a village to support them every step of the way. Parents, you are your kiddos' first teacher, and getting the opportunity to sit down and have a conversation with you is so valuable.

That is why our next open house is on April 22nd. Please join us at OUR School for food, beverages, and an opportunity to learn about the community that makes up OUR School.

Important News!

Our annual supervisory licensing visit is happening any day now. If you have not gotten a chance, please send the updated GHA and Immunizations and re-initial/date permissions on enrollment forms

The Puppet theater is now **CLOSED INDEFINITELY** until we can have it safely moved or broken down and removed.

Infant/Toddlers
You need a signed doctor's note permitting us to apply any diaper cream. In the meantime, we will not be allowed to apply until we get the proper documentation.
